Traceability System for Tobacco Products (ID Issuer)

Announcement 21/12/2023

We would like to inform you that the process of upgrading the ID Issuer platform has been completed and the ID Issuer platform is now available and compliant with the Secondary Repository and Router version 2.0.0 . Economic Operators are kindly requested to update their Registry data (machines and machine parts) on the platform, according to the Implementation Regulation (EU) 2018/574, amended by (EU) 2023/448.
